Wednesday Night Ride Report 2017
Submitted by Arleene Arnold, Wednesday Night Ride Coordinator

There was 18 Wednesday Night Rides this year, that means 18 plus leaders, 18 plus sweeps and many cyclists.

All Wednesday Night Rides were well attended with the majority of rides requiring two leaders and two groups. The rides predominantly took place in Regina south with a few rides heading north and east. We had a variety of leaders this year with a few new leaders stepping up and several new members joining us for our Wednesday night romps. Thank you to our leaders, sweeps and all of you who rode this year.
